No. 1 January, 1974

Editorial: A new inborn error of metabolism 1
Gyrate atrophy of the choroid and retina associated with hyperornithinaemia *K. Takki* 3
Differential diagnosis between the primary total choroidal vascular atrophies *K. Takki* 24
Closed-angle glaucoma. Theoretical considerations *R. Mapstone* 36
Closed-angle glaucoma. Experimental results *R. Mapstone* 41
Precipitation of angle closure *R. Mapstone* 46
Inadequate diagnostic value of the water-drinking test *J. A. Roth* 55
Effect of carbon dioxide on the intraocular pressure in man during general anaesthesia *J. R. Samuel and A. Beaugié* 62
Ocular dimensions and the heredity of open-angle glaucoma *A. Tomlinson and D. A. Leighton* 68

No. 2 February 1974

Editorial: Therapy of diabetic maculopathy 75
Pathogenesis and treatment of diabetic maculopathy *K. Rubinstein and V. Myska* .. 76
Treatment of diabetic maculopathy by argon-laser *S. Merin, L. Yanko, and M. Ivry* 85
Retinal detachment after congenital cataract surgery *J. J. Kanski, A. R. Elkington, and R. Daniel* 92
Hyalo-retinopathy in the clefting syndrome *R. Daniel, J. J. Kanski, and M. G. Glasspool* 96
Mobile vitreous cysts *A. R. Elkington and D. M. Watson* 103
Orbital diploic dermoids *J. F. Cullen* 105
Craniometaphyseal dysplasia *H. V. Nema, J. S. Mathur, and T. P. Srivastava* .. 107
Unilateral proptosis in the newborn *C. C. Cory and N. Manson* 110
Discrete carcinomatous metastases in the extraocular muscles *N. Ashton and G. Morgan* 112
Analysis of the recovery of third nerve function after direct surgical intervention for posterior communicating aneurysms *M. C. Grayson, S. R. Soni, and V. A. Spooner* 118
Ocular damage after blunt trauma to the eye *E. M. Eagling* 126
Evaluation of contact lenses for central vision in high myopia *G. Fonda* 141
Disposable graft splint in penetrating keratoplasty *P. Hardy Smith* 148

Bracket for attaching the Kowa fundus camera to the Haag-Streit 900 slit lamp *D. H. Brennan, T. J. G. Price, and J. A. Turnbull* 151

No. 3 March 1974

STRABISMUS: Cambridge Ophthalmological Symposium. Perrers Taylor Memorial, September, 1973
Chairman: T. Keith Lyle. Edited by P. G. Watson

Foreword *P. G. Watson* 157
Factors involved in the production of amblyopia *G. K. von Noorden (U.S.A.)* .. 158
Is amblyopia due to inappropriate stimulation of "sustained" visual pathways during development? *H. Ikeda and M. J. Wright (U.K.)* 165
Experimental analysis of amblyopia and strabismus *C. Blakemore and R. C. Van Sluyters (U.K.)* 176
Visually evoked responses in amblyopia *G. B. Arden, W. M. Barnard, and A. S. Mushin (U.K.)* 183
Histochemistry of primate extraocular muscles and the changes of denervation *J. H. J. Durston (U.K.)* 193
Control of ocular movement *R. B. Daroff (U.S.A.)* 217
Epidemiology of strabismus *P. A. Graham (U.K.)* 224
Newer methods of investigating strabismus *J. Mein (U.K.)* 232
Management of acquired esotropia *M. M. Parks (U.S.A.)* 240
Relevance of the AC/A ratio *K. Wybar (U.K.)* 248
Management of paralytic strabismus *P. Fells (U.K.)* 255
Defects of ocular movement and fusion after head injury *A. Stanworth (U.K.)* .. 266
Strabismus affecting children with multiple handicaps *B. Harcourt (U.K.)* 272
Management of microtropia *J. Lang (Switzerland)* 281
Electrophysiology of the retraction syndromes *A. Huber (Switzerland)* 293
Surgical management of Duane's syndrome *M. H. M. A. Gobin (Holland)* .. 301
Surgery of muscle adhesions and effects of multiple operations *E. Dunlap (U.S.A.)* 307
Sensory anomalies in strabismus *B. Bagolini (Italy)* 313
Summing up *T. Keith Lyle* 319
Bibliography 323
The discussions which follow each paper have been edited by P. G. Watson.

No. 4 April 1974

FESTSCHRIFT: Dedicated to Sir Stewart Duke-Elder

Honouring Sir Stewart and his work 334
Recent advances in keratoplasty *D. Ainslie* 335

Vascular basement membrane changes in diabetic retinopathy (Montgomery Lecture, 1973) *N. Ashton* 344
Treatment of senile disciform macular degeneration by photocoagulation *A. C. Bird* 367
Recent advances in the treatment of diabetic retinopathy *J. H. Dobree* .. 377
Teaching retinal surgery *L. Fison* 382
The toxic optic neuropathies *W. S. Foulds with I. A. Chisholm and A. R. Pettigrew* .. 386
Recent advances in fluorescein fundus angiography *S. S. Hayreh* 391
Retinal neovascularization, collaterals, and vascular shunts *P. Henkind and G. N. Wise* 413
Development of prophylactic treatment in retinal surgery *J. R. Hudson* .. 423
Recent advances in ophthalmic genetics: Genetic counselling *B. Jay* 427
Laboratory tests for chlamydial infection: Their role in epidemiological studies of trachoma and its control *B. R. Jones* 438
Blind registration and glaucoma simplex *S. J. H. Miller and A. G. Karseras* .. 455
Recent advances in the study of uveitis *E. S. Perkins* 462
Perspectives in neuro-ophthalmology *M. D. Sanders* 468
Recent advances in the surgical treatment of glaucoma *Redmond J. H. Smith* .. 478
Recent advances in paediatric ophthalmology *K. Wybar* 483

No. 4 May 1974

Editorial: Retrolental fibroplasia unrelated to oxygen therapy 487
Non-oxygen induced retinitis proliferans and retinal detachment in full-term infants *F. H. Stefani and H. Ehalt* 490
Effect of changes in intraocular pressure on the retinal microcirculation *T. J. ffytche, C. J. Bulpitt, E. M. Kohner, D. Archer, and C. T. Dollery* 514
Variations in visual acuity, refraction, and corneal curvature with changes in applanation tension *D. Poinoosawmy and J. A. Roth* 523
Family studies in glaucoma *E. S. Perkins* 529
Familial glaucoma in nine generations of a South Hampshire family *J. P. Martin and E. C. Zorab* 536
Ovalness of the optic cup and disc in the normal eye *A. Tomlinson and C. I. Phillips* 543
Retinal branch vein occlusion: Focal changes at the site of the venous obstruction *R. S. Clemett* 548
Astrocytoma of the retina *J. Jordano, H. Galera, M. Toro, and B. Carreras* 555
Correspondence 560
Reviews 561
Notes 566
Obituary 567

No. 6 June 1974

Editorial: Computerized axial tomography 569
Computer assisted tomography in orbital disease *J. Gawler, M. D. Sanders, J. W. D. Bull, G. Du Boulay, and J. Marshall* 571

Acute infection after retinal detachment surgery *R. A. Hitchings, I. S. Levy, and A. H. Chignell* 588
Postoperative endophthalmitis due to *Trichosporon cutaneum* *H. A. Sheikh, S. Mahgoub, and K. Badi* 591
Incidence of uveitis in Bantu-speaking negroes of South Africa *J. Freedman* .. 595
Relapsing polychondritis and eye disease *D. A. R. McKay, P. G. Watson, and A. J. Lyne* 600
Penetration of trimethoprim and sulphamethoxazole into the aqueous humour *P. E. J. Pohjanpelto, T. J. Sarmela, and T. Raines* 606
Use of gentamicin sulphate in ophthalmology. I. Absorption of gentamicin into the rabbit aqueous *B. S. Kuming and M. Tonkin* 609
Retinal oxalosis *A. Garner* 613
Focal dermal hypoplasia *G. S. Willetts* 620
Bilateral choroidal metastases from "adenoma" of the bronchus *C. Walker* .. 625
Ankyloblepharon filiforme adnatum affecting identical twins *J. Howe and B. Harcourt* 630
Congenital abnormality of the lower lid *J. L. Aggarwal* 633
Correspondence 635
Reviews 637
Notes 639
Obituary 640

No. 7 July 1974

Editorial: The background to sickling 641
Ocular findings in children with sickle cell haemoglobin C disease in Jamaica *P. I. Condon, R. Gray, and G. R. Serjeant* 644
Photocoagulation and diathermy in the treatment of proliferative sickle retinopathy *P. I. Condon and G. R. Serjeant* 650
Bilateral aplasia of the optic nerve in a cat *K. C. Barnett and T. D. Grimes* 663
Comparison of the accommodative effects of Carbachol and Pilocarpine with reference to accommodative esotropia *H. P. Williams* 668
Management of acute glaucoma with Pilocarpine-soaked hydrophilic lens *J. S. Hillman* 674
Trabeculectomy. A follow-up study *A. E. A. Ridgway* 680
Clinical significance of the fleurette in retinoblastoma *D. Sevel, G. F. Röhm, and R. Sealy* 687
Papilloedema due to hyperparathyroidism *K. J. Murphy* 694
Transient myopia after aspirin *J. H. Sandford-Smith* 698
Reviews 701
Notes 706

No. 8 August 1974

Editorial: The schematic eye 707

Non-linear projection of the retinal image in a wide-angle schematic eye *N. Drasdo and C. W. Fowler* 709
Intraocular lenticuli *M. J. Roper-Hall* 715
Federov iris-supported intraocular acrylic lens *P. Jardine and J. H. Sandford-Smith* 718
Early ocular hypertension after cataract extraction *W. J. Rich, N. D. Radtke, and B. E. Cohan* 725
Ocular disorders in a series of 332 patients with Crohn's disease *D. J. Hopkins, E. Horan, I. L. Burton, S. E. Clamp, F. T. de Dombal, and J. C. Goligher* 732
Fluorescein study of a family with angioid streaks and pseudoxanthoma elasticum *D. S. Hull and T. M. Aaberg* 738
B-scan ultrasonography in the evaluation of retinal detachment *J. V. Forrester and G. R. Sutherland* 746
Influence of menstruation on corneal sensitivity *M. Millodot and A. Lamont* .. 752
Ocular hazards of playing badminton *S. Chandran* 757
Galilean telescopic system for the partially sighted *D. R. Gerstman and J. R. Levene* 761
The COMMIDO: Combined Operation Magnifiers and Miniature Indirect Ophthalmoscope *L. Pericic, G. W. Crock, J.-M. Parel, and P. N. Henderson* .. 766
Reviews 770

No. 9 September 1974

Editorial: Diagnosis of cell-mediated immunity in ocular disease 771
Cellular hypersensitivity to uveal pigment confirmed by leucocyte migration tests in sympathetic ophthalmitis and the Vogt-Koyanagi-Harada syndrome *H. Hammer* 773
Serpiginous choroiditis *L. Laatikainen and H. Erkkilä* 777
Geographical choroidopathy *A. M. Hamilton and A. C. Bird* 784
Management of the dry eye in Sjögren's syndrome *J. Williamson, W. M. Doig, J. V. Forrester, M. H. Tham, T. Wilson, K. Whaley, and W. Carson Dick* 798
Effects of general anaesthesia on the intraocular pressure in man *M. H. Al-Abrak and J. R. Samuel* 806
Non-corneal electroretinogram. Parameters in normal children *A. Harden* .. 811
Hereditary optic atrophy with onset in early childhood *J. D. Brodrick* 817
Intracranial optic nerve angioblastoma *F. H. Stefani and E. Rothmund* 823
Astrocytoma of the optic nerve and chiasm associated with microphthalmos and orbital cyst *J. Bonner and C. H. Ide* 828
Reviews 832
Notes 832

No. 10 October 1974

Severe endemic trachoma in Tunisia
I. Effect of topical chemotherapy on conjunctivitis and ocular bacteria *D. W. Vastine, C. R. Dawson, T. Daghfous, M. Messadi, I. Hoshiwara, C. Yoneda, and R. Nataf* 833
Comparison of sensitivity of primary isolation of *Chlamydia* in irradiated McCoy

cells or HeLa 229 cells treated with DEAE-D *S. Darougar, D. Kundu, and B. R. Jones* 843
Use of photographs for measuring cupping in the optic disc *J. Gloster and D. G. Parry* 850
Pathogenesis of cupping of the optic disc *S. S. Hayreh* 863
Metastatic mucus-secreting mammary carcinoma in the eyelid *M. M. Rodrigues, R. L. Font, and G. M. Shannon* 877
Mesenchymal chondrosarcoma of the orbit *D. Sevel* 882
Reviews 888

No. 11 November 1974

Transactions of the Ophthalmological Societies of the United Kingdom 889
Editorial: Presumed ocular histoplasma syndrome 890
Ocular histoplasmosis syndrome in the United Kingdom *R. A. Braunstein, D. A. Rosen, and A. C. Bird* 893
Patterns of non-rhegmatogenous elevations of the retina *H. Lincoff and I. Kreissig* .. 899
Genetic aspects of gyrate atrophy of the choroid and retina with hyperornithinaemia *K. Takki and O. Simell* 907
Systemic associations of uveal coloboma *R. M. L. James, A. G. Karseras, and K. C. Wybar* 917
Impairment of colour vision in patients with ocular hypertension and glaucoma. With special reference to the 'D and H Color-Rule' *H. Kalmus, I. Luke, and D. Seedburgh* 922
Trabeculectomy in pseudoexfoliative glaucoma *T. Jerndal and V. Kriisa* 927
Ultrastructure of the ciliary muscle treated by organophosphate pesticide in Beagle dogs *H. Suzuki and S. Ishikawa* 931
VICRYL (Polyglactin 910). A new synthetic absorbable suture *C. G. F. Munton, C. I. Phillips, B. Martin, R. S. Bartholomew, and I. Capperauld* 941
Reviews 948
Notes 949

No. 12 December 1974

Editorial: Ischaemic optic neuropathy 953
Anterior ischaemic optic neuropathy
I. Terminology and pathogenesis 955
II. Fundus on ophthalmoscopy and fluorescein angiography 964
III. Treatment, prophylaxis, and differential diagnosis *S. S. Hayreh* 981
Ischaemic papillopathy *E. M. Eagling, M. D. Sanders, and S. J. H. Miller* .. 990
Soft contact lenses for aphakia *D. Lobascher, J. Chaston, J. Morris, and M. Ruben* .. 1009

SUBJECT INDEX 1974

Accommodation, Pilocarpine and Carbachol and, esotropia and 668
AC/A ratio measurement
convergence requirement and 248
fixation disparity method 251
gradient method 250
graphic method 250
heterophoric method 249
oculographic method 253
Acetyl-cysteine therapy in Sjøgren's syndrome 802
Acuity, visual:
see Visual acuity
Africa, South West, ocular disease in, 595, 634
Albinism, genetic counselling and 427
Amblyopia
abnormal binocular interaction and ... 161
aetiology of, stimulation of sustained pathway and 165
age at onset 160
anisometropic 158
visually evoked responses and 189
blurred image and 174
congenital cataract and 163
conjunctivitis, purulent, in newborn, and... 163
deprivation (kitten)... 177
ex anopsia 159
experimental (monkey) 158, 161
(kitten) 176
form vision deprivation 159
geniculate cell growth and 162
meridional
environment and (kitten) 178
visually evoked responses and 186
microtropia and 292
production of 158
strabismic 158
visual cortex and (kitten) 178
visual pathways in 170, 171
tobacco, cyanide and 386
toxic
sulphur metabolism and 387
vitamin B_{12} and 388
unilateral proptosis and, in newborn ... 111
visual cortical neurones and 161
visually evoked responses in ... 183, 1018
Amino-acid analysis, hyperornithinaemia and 7, 17
Anaemia, Crohn's disease and 735
Anaesthesia, general
carbon dioxide and... 62
effects on intraocular pressure 806
Anencephaly, retrolental fibroplasia and ... 487
Aneurysm, posterior communicating ... 118
Angioblastoma, optic nerve, intracranial ... 823
Angiography, fluorescein:
see Fluorescein angiography
Angioid streaks
Bruch's membrane breaks and 743
pseudoxanthoma elasticum and 738
Anisometropia, visual pathways and ... 172
Ankyloblepharon filiforme adnatum in twins 630
Anophthalmos, uveal coloboma in relatives and 917
Anterior chamber
angle
closure 41
recession, blunt trauma and grading of... 129
depth, open-angle glaucoma and 70
shallowing, aspirin and 698
Anterior segment
changes provoking angle closure 46
damage 128
Antibiotics in Sjøgren's syndrome 802
Aphakia
penetrating keratoplasty and 340
soft contact lenses and 1009, 1013
Appliances:
Bagolini's striated glasses 317
Bracket for attaching Kowa fundus camera to Haag-Streit 900 slit lamp ... 151
COMMIDO: Combined Operation Magnifiers and Miniature Indirect Ophthalmoscope 776
Contact lenses 141
D and H Colour-Rule 923
Fresnel lenses 761
Galilean telescopic system for the partially sighted 761
Graft splint, disposable 148
Hess chart 234
Intraocular lenses 715, 718, 761
Indirect binocular ophthalmoscope ... 424
Lasers 80, 85, 377, 1016
Nuclear Enterprises Diasonograph ... 746
Photocoagulator 650
Soft contact lenses 1009, 1013
Tomography apparatus 571
Ultrasonography apparatus 746
VICRYL. A new absorbable suture ... 941
Aqueous humour
gentamicin absorption (rabbit) 609
sulphamethoxazole penetration 606
trimethoprim penetration 606
Arteriosclerosis, ischaemic papillopathy and 999
Arteritis, temporal
anterior ischaemic optic neuropathy and ... 953, 960, 964
ischaemic papillopathy and 992
optic atrophy and disc cupping and ... 864
Aspirin, transient myopia and 698

Astigmatism
meridional amblyopia and 179
visually evoked responses and 186
Astrocytoma
optic nerve and chiasm 828
retina 555

Bacteria
ocular, topical chemotherapy and, in trachoma 833
species in Tunisian children's eyes ... 836
Badminton, ocular hazards of 757
Bagolini striated glasses test 317
Basement membrane, vascular anatomy of 344
Battered baby syndrome, retinitis proliferans and 507
Biomicroscopy, keratoconjunctivitis sicca and 799
Blepharitis, Crohn's disease and 733
Blind/Blindness
partial
Galilean telescopic system for 761
glaucoma simplex and 457
registration
glaucoma simplex and 455
cataract and 459
suspected in infancy 483
Blood disorders, ischaemic papillopathy and 1000

dual concept of 470
Visual acuity
applanation tension changes and 523
assessment of, in strabismus 232
contact lens correction of, in high myopia... 144
diabetic maculopathy, treatment of, and ... 81, 82, 87
disc cupping in anterior ischaemic optic neuropathy and 866
ocular anomalies in clefting syndrome and 100
photocoagulation of senile macular degeneration and 370
soft contact lenses in aphakia and 1012
spectacles in aphakia and 1012
stereoscopic, strabismus and 239
trabeculectomy for pseudo-exfoliative glaucoma and 928
Visual cortex 469
neurones, area 17, groups 168
neurophysiological studies, amblyopia and (cat) 165
strabismic induction and (kitten)... ... 178
Visual deprivation, amblyopia and ... 160
Visual experience, modification, amblyopia and 162
Visual fields
anterior ischaemic optic neuropathy and ... 984 985
choroidal vascular atrophies and 32
choroido-retinal gyrate atrophy and ... 4
defects, ischaemic papillopathy and 990 999
loss of, progressive, in glaucoma simplex ... 458
projection, non-linear 713
Visually evoked responses
amblyopia and 182 1018
diagnostic value in infancy 485
ocular hysteria and 185
Vitamin B_{12}, toxic amblyopia and 388
Vitreous
cyst, mobile 103
degeneration, clefting syndrome and ... 97
haemorrhage, due to trauma ... 137, 758
B-scan ultrasonography and 749
loss, Federov acrylic lens and 720
Vogt-Koyanagi-Harada syndrome, cellular hypersensitivity to uveal pigment in, leucocyte migration tests and 773

X-rays
crystal detector and 569, 571
diffraction pattern, calcium oxalate crystals in retina and 617
